

Enjoy the latest technology and modern user experience with our new underwriting and onboarding system for level-funded plan designs. MARK™ offers faster completion of Employee Eligibility Statements*, real-time updates and ability to upload a census:

Responsive application speeds up the process using answers to customize questions.

With **electronic signature**, there's no need to print, sign or scan completed applications.

Census data is transferred securely to **save time**, reduce client entry and create a **simpler process**.

Online application can be **completed any time**, allows save as you go to complete **at own pace**.

Additional information requests, if needed, are handled through the **secure application**.

Dashboards accessed from any device provide **actionable insights** during the application process.

Two-factor authentication and cloud-based hosting protects client data.

Reach out to your sales contact for more information today.

*Also known as "Individual Application" or "IMQ".
