

# Rx for Saving

Here are tips for members with one of our employer-sponsored, major medical benefit plan designs:

## Small Business Benefits

### Go generic when possible.

Generic drugs typically cost less than their brand-name counterparts. Many members already use generics. Keep up the good work!

### Talk to your doctor about a less-costly alternative.

Ask if a lower-cost drug in the same drug class would treat your medical issue.

### Take your medication as prescribed.

Non-adherence may not provide adequate treatment and could lead to complications or other medical issues.

### Save on your long-term medicines<sup>1</sup> with 90-day supplies.<sup>2</sup>

Ask your doctor for a 90-day prescription and have it filled at any CVS pharmacy or with CVS Caremark Mail Service Pharmacy, for the same low price.
