

## Find a Practitioner in the MultiPlan Network in Four Easy Steps

To find providers participating in MultiPlan's networks, visit [multiplan.com](http://multiplan.com) and click on "Find a Provider." A button in the upper right corner allows you to choose English or Spanish as the language.

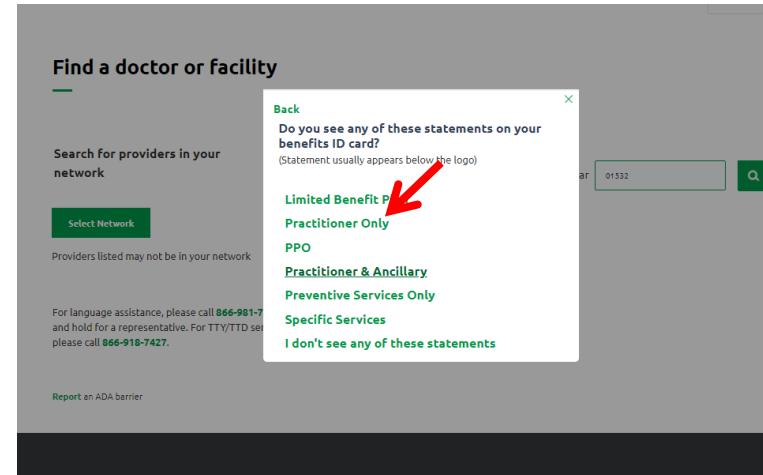

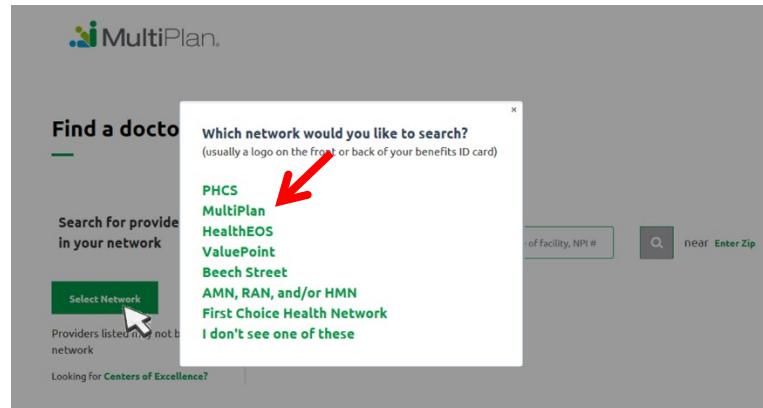

Before beginning your search, you must acknowledge that you have read the notice at the bottom of the screen.

### To begin your search, follow these four steps.

#### Step 1. Choose a network.

Choose MultiPlan and then Practitioner Only.

Interpret. Innovate. Inspire.

115 Fifth Avenue, New York, NY 10003 • [multiplan.com](http://multiplan.com)

**Step 2. Use the text box to specify what you are searching for.** Enter a provider specialty, provider name or NPI number. As you begin to type your selection, you may be prompted with suggestions. Please note that you cannot leave the text box empty.

#### Find a doctor or facility

**Step 3. Set your location and begin your search.** If your settings allow your browser to detect your location, you can begin the search by clicking on the magnifying glass icon. However, if your settings don't allow the browser to detect your location, you will need to enter the zip code of the area you want to search before clicking on the magnifying glass. By default, the search pulls results within 20 miles of the zip code you enter.

## Step 4. Receive your search results and refine as desired.

Before your search results are presented, you will need to acknowledge reading another notice. After you click OK, a list of providers matching the criteria you entered will be presented. To narrow your results, you can apply filters including gender, languages spoken, hospital affiliation, whether the provider is accepting new patients, and wait time for appointments.

Click on a provider name to see additional information.

To print the listed providers or the details for a specific provider, click on the Printer Friendly icon, send the results to your printer, and then close the window.

Provider information contained in this Directory was last updated earlier today and therefore may have changed. Before scheduling your appointment or receiving services, check with the provider to confirm participation in the network, location, and if the provider is accepting new patients.

PhysocareNet requires that we display the following notice in our provider listing:  
Physician profiling information may be obtained from the Board of Registration in Medicine.  
The participating providers listed in this directory are independent contractors and are not employees of MultiPlan. They are paid a discounted, negotiated fee for services they provide.  
Physicians listed in this directory are independent contractors who have reported to us that they offer the following services in your area: anxiety/panic disorders, ADHD/learning disorders, chemical dependency/chemical disorders, chronic pain, eating disorders, group therapy, marriage/family counseling, mood disorders, physical/sexual abuse, phobias, psychological/neurological testing and sexual dysfunction.
